WASHINGTON INTERNATIONAL SCHOOL
COLEGIO INTERNACIONAL DE WASHINGTON-ÉCOLE INTERNATIONALE DE WASHINGTON
AUXILIARY PROGRAMS
FALL AFTERSCHOOL CLASSES

SEPTEMBER 14, 2015
TO
DECEMBER 11, 2015

Classes begin the week of September 14th and run every day school is in session, as well as October 9 (Professional Day), October 22-23 (Parent-Teacher Conferences) and December 4 (Half Day).

Registration and all subsequent changes to the initial enrollment must be done using the Auxiliary Programs registration form. All changes must be submitted in writing by the end of the second week. Forms can be mailed to the Primary School, emailed to yanningarcia@wis.edu or faxed to 202-243-1798.

The auxiliary programs class registration form is also available on the WIS website.

Enrollment is done on a first-come, first-served basis (except for individual music lessons) and parents will be notified only if there is no space available in the class of their choice. In other words, no news is good news and your child has been accepted in the class. All new classes are printed in orange with an asterisk.

Fees listed in the brochure are for the fall session only and reflect the length and the number of classes for each activity. Holidays and all school closings are already taken into account. Fees include supplies and day care until 6:00 PM.

No refund will be granted for withdrawal after the second week of the program; the refund will not be processed unless a written withdrawal notice is submitted to the Auxiliary Programs Office. No refund

For more information, please email yanningarcia@wis.edu or call 202-243-1761.

*All new classes are printed in orange with an asterisk.*
Visual and Applied Arts

Modelage
Using various mediums such as sculpey plasticine, salt dough or self-hardening clay, students will make several projects to take home. At the same time, they will develop their fine motor skills, explore new ideas and allow their imagination to run wild.

Pre-Kinder and Kinder $325

Yearbook Digital Layout
Do you enjoy sharing memories? Do you love working on computers? Then this Yearbook class is THE class for you this winter. Help design the Primary School Yearbook! Learn how to design pages on the Walworth Online Design application. Become part of the additional staff while working in Art Rage, Pages and Adobe Photoshop. If you love to write we need students to interview teachers or students for information pages.

Grades 4 and 5 $300

Ceramics
This class aims to teach the students the basic tools for self-expression and creativity. Students will finish five projects; some functional and others more decorative. Pinch pot, coil forming and slab construction are some of the techniques they will learn. They will also be working with under-glazes, which gives children the opportunity to learn about color harmony and decorative techniques.

Grades 1 and 2 $325

Advanced Ceramics
In this class, students will apply their knowledge of hand building techniques while working on more elaborate projects. The emphasis will be on more sculptural and decorative techniques.

Grades 3 to 5 $325

Recycling Art
The purpose of this class is to teach children that the creative process does not depend on resources that they may not have access to. Instead, by utilizing salvaged and recycled materials and demonstrating how to re-purpose and reuse, we train children to see the potential for art all around them in unexpected forms that can be recombined into something new. This rethinking of traditional art supplies allows young artists to continue on their creative journey wherever it may to lead to.

Little Picassos
Red, yellow and blue – just see what we can do! Using colors we will develop fun images little ones will love. Animals, people, landscape and abstracts are just a few of the pictures we will create. Learn to mix color families and how to use simple shapes to create your masterpieces.

Pre-Kinder and Kinder $325

Jewelry Making
Bracelets, necklaces, and earrings… Learn to make your own jewelry! In this class, students will combine mathematical skills and aesthetic prowess to create a unique, instantly gratifying art form. Students will calculate and apply measurements, identify and select materials, and learn the value of natural, produced and recyclable items. By the end of the class we will find out that there is much more to jewelry than what first meets the eye.

Grades 3 to 5 $285
Performance Arts

Hullabaloo at the Zoo
"Read all about it...animals strike at the zoo!" It's true! The headlines are telling it all. Come find out what happens when the monkeys won't monkey around anymore and the elephants demand to be paid more than peanuts. Join us as we pretend to be all of the different animals we see in the zoo, and ignite your imagination using dramatic play, music, movement, and visual art. Parents are invited to observe the last 30 minutes of the last class for an informal sharing where the students share what they have learned in class.

Pre-Kinder and Kinder $300

FUNdamentals of Acting
In Fundamentals of Acting, students focus on creating sustainable and believable characters and truthful actions for the stage. Students participate in a variety of fun exercises, which work on physical control, human behavior observations, and realistic actions and reactions. Through games and activities, students build a strong and caring ensemble with their fellow classmates in order to promote an environment of trust where they can effectively explore, make big choices, and take risks with characters! The end of the semester culminates in short scenes, which allow them to apply the skills they have been learning throughout the semester. Parents are invited to observe the last 30 minutes of the last class for an informal sharing where students share what they have learned in class.

Grades 3 to 5 $380

Ballet
This class introduces students to the fundamentals of classical ballet. Students learn concepts such as turn out versus parallel, coordination, spatial awareness and class etiquette. Students also explore basic loco-motor movements such as hopping, skipping, jumping, galloping, as well as basic positions of the arms and feet, and fundamental ballet movement vocabulary. The importance of strength, flexibility and musicality is also emphasized. Classes are taught in a structured yet fun and creative setting. Students will showcase what they have learned in a year-end performance.

Pre-Kinder and Kinder Monday $300, Kinder and Grade 1 Thursday $300

Hip-House Dance Class
Since the early 1980’s in Chicago, House Dance has become one of the largest celebrated dance styles across the globe. This dance style has created a spirit of free expression for dancers of all genres. Learn how to “Jack”, which is one of the foundational moves of House dance. Students will also learn intricate footwork, concepts for free styling, choreography and history in House Culture. House dance has influences in African, Afro-Caribbean, Latin, Rhythm Tap and Capoeira.

Grades 2 to 5 $275

Spanish Dance
Spanish dance introduces children to the basic movements used in the various forms of rhythmic movement that originate from the Iberian peninsula, including Flamenco, classical Spanish dance (“Estilizacion”), folklore from various renons in Spain, eighteenth century dances, ballet and castanets.

Kinder to Grade 5 $395

ZUMBA® Fitness Class
Ditch the workout, join the party! ZUMBA® is a chance to get fit and have fun while dancing to various Latin, international, and top 40 hits. Students will learn new dance moves from around the world, and jam out to their favorite music. ZUMBA® helps develop a healthy lifestyle and incorporate fitness as a natural part of children’s lives by making fitness fun.

Grades 2 to 5 $275
Math, Science and Technology

Extreme Science
We'll take everyday science and kick it up a notch and get a better understanding of the environments around us by looking at the most unique and amazing examples. So hold onto your test tubes—here comes the biggest, the brightest the strongest, and the smelliest of all science.

Pre-Kinder to Grade 2 $300

Tiny Number Tumblers: Fun with Math!
A creative math class that helps children get comfortable with quantitative concepts as well with logical thinking by using games, hands on activities and other creative methods that make math fun. This class will provide an opportunity for young children and Kindergarteners to reinforce their knowledge and enhance their math skills through play.

Pre-Kinder and Kinder $250

Robotics
This course offers an exciting introduction to LEGO Mindstorms. Students learn mechanical design, construction, programming, and problem solving and teamwork skills. Using LEGO building elements, motors and sensors, students build robots and program them to accomplish specific tasks.

Grades 2 to 5 $390

Advanced Robotics Team
The advanced robotics team participates in the FIRST LEGO League (FLL@) program, which inspires students to think like scientists and engineers while fostering innovation, self-confidence, communication, and leadership skills. Students work as teams in responding to FLL missions and challenges and will participate in FLL-sponsored tournaments. **Note:** Space is limited to 20 students for this class (two teams of 10 students each).

Grades 3 to 5 $350

Data Daze
On Wednesdays, students are invited to spend their days in a data daze with Miss Faye. Today is the age of information overload. The ability to collect information (or data), present it appropriately and interpret its findings is an increasingly important life skill for learners of all ages. In Data Daze, students in Grades 1 to 3 will become statisticians and learn all about data. They will learn how to collect data, how to represent data, how to interpret data and how to *question* data. Students will learn basic data skills in a fun and engaging setting and will learn that data is all around them. Students will also have the opportunity to do a small-group project on a topic of their choice.

Grades 1 to 3 $290
Urban Ecology
Students will engage in seasonal activities to explore the natural environment right outside their school building. Each week we will delve into a different topic with hands-on activities, songs, exploration walks and nature journaling. We will focus on trees, plants, birds, insects and more. This course is taught in partnership with Casey Trees, a local non-profit with the mission to restore, enhance and protect the tree canopy of the nation's capital.

| Grades 2 to 5 | $300 |

I Can Invent Too: Engineering for Girls
It’s no surprise that engineers are some of the most well respected professionals in our world; they are the basis of our society. They construct the bridges, buildings, and structures we use every day. Engineers also innovate and design the technology that makes our day-to-day lives easier. It is also no surprise that engineering is a field that is dominated by males. In I Can Invent Too, girls in second through fifth grades will be given the opportunity to engage in activities that will challenge their minds and encourage them to think outside of the box while earning points that will help them in the final weeks of the class.

Please note that this class will ONLY enroll girls

| Grades 2 to 5 | $325 |

Welcome Garden
This course will teach children about composting, soil and planting. Children will also observe the growing process up close. Activities include: drawing pictures about the germination process, creating container gardens, planting kitchen herbs and discovering plant life that grows in our school grounds.

| Pre-Kinder and Kinder | $300 |

Sports

Alternative Sports
Our class offers children the chance to engage in a series of offbeat team sports. The class offers the opportunity to improve a child's individual skills such as passing, dribbling, shooting and defending while at the same time learning how to work with the framework of a team.

| Grades 2 to 5 | $275 |

Basketball Basics
In this course, children will learn the fundamental moves of the sport of basketball. The class will begin by teaching children how to dribble, pass, catch, shoot, rebound and also do lay-ups. Simple and engaging games will be used to support learning, such as sharks and minnows, beanbag transfer and knock-away.

| Grades 3 to 5 | $275 |
Judo
Students develop basic Judo skills, while learning control and discipline, through drills, exercises and short scrimmages
- Pre-Kindergarten and Kindergarten (beginners only) - Tuesday class $325
- Kindergarten to Grade 2 intermediate - Wednesday 2:45 to 3:45 - $245
- Grades 2 to 5 Intermediate/Advanced Wednesday 3:45 to 5:00 - $270
- Judo uniforms can be purchased from the school for $50

Soccer Team for Girls & Boys
This program focuses on technical skills (dribbling, passing, trapping, scoring) and helps develop a sense of confidence on the field. Sportsmanship and team play will be reinforced in short matches at the end of each practice. Grade 2 to 5 $300

Soccer for Young Children
This class introduces soccer fundamentals such as dribbling, passing, and kicking. There will be a brief game at the end of each practice so players can develop skills in teamwork as well. Pre-Kinder to Grade 1 $275

Gymnastics
This class will address learning fundamental gymnastics skills in an entertaining and fast-paced way. The class will open up with a fun warm-up and stretch. The children will learn basic floor gymnastics skills including: cartwheels, handstands, bridges, backwalkers, and agility movements. By the end of the class children will perform a routine, incorporating skills they have learned throughout the class. The goal of this class is for children to learn gymnastics skills in a fun and interactive way! Reminder: It is important for your child to dress appropriately for class. This can be in athletic or gymnastics apparel. Pre-Kinder to Grade 5 $300

Cheerleading
Cheerleading allows students to be a part of a fun, hard-working group which focuses on building leadership and teamwork skills, self-confidence, and self-esteem. Practices focus on strength, endurance, coordination and the flexibility of each cheerleader, while developing strong bonds between students. Cheerleaders will learn cheers, acrobatics, and stunting skills throughout the term. The cheerleaders will also cheer at basketball game in front of dozen of fans.
Grades 3 to 5 $330

Golf
Golf coaches have created a one-hour class that is success-driven for our future golfers! Putting, chipping and driving are practiced with a focus on form along with hand-eye coordination. Fall Class will be held outside (weather permitting) and inside for rainy days. Children will use several 9-foot putting greens to master their miniature golf game. Instructors use rubber golf balls, practice balls of all sizes, (including tennis balls for the beginners: which allow the children to have immediate success. Kids advance at their own pace and receive private tips from instructors. Let us introduce this life long sport in a safe and extremely fun environment.
Kinder to Grade 5 $370

Golf for Young Children
This class introduces golf fundamentals such as putting, chipping, and driving. Under the supervision of a professional instructor, children will be given a brief lesson on each skill before a brief game. Children will use miniature golf clubs and will learn with a focus on form along with hand-eye coordination.
Pre-Kinder to Grade 1 $275
Quickstart Ten and Under Tennis
This Quickstart tennis course is designed to work on children's tennis skills at the beginning of each session and apply lessons in the second half of the class through games and observation. Classes begin with a 15-minute warm up, then players move on to learn mechanics and techniques, such as working on serves and volleys. Players end each session with matches between participants.

Pre-Kinder and Kinder $275, Grades 1 to 3 $300

Yoga Time with Yokid Test Your Limits!
The YoKid program is focused on physical movement and stress relief through yoga. Relaxation, healthy eating, and character building—with common themes such as honesty, academic importance, and cleanliness are incorporated into each class. This class is offered in collaboration with Yokid Test Your Limits, a local non-profit with the mission of fostering self-awareness and promoting health with kids in the greater Washington DC area.

Pre-Kinder and Kinder $255, Grades 1 to 5 $300

Other Classes

Sing-Along Tuesdays
Young children will enjoy learning new songs and performing fun choreographies from a variety of sources. We will learn the basics of singing while having fun and using acting techniques, props and repertoire of songs from many places.

Pre-Kinder and Kinder $275

Music Appreciation
Music appreciation is a class where the students will learn about different types of music, instruments, composers and performers. From early classical to popular styles of today, from composers to singer songwriters. The main goal of this class is to expose the kid to the broad palette of music available in the world. It is meant to be both for students that are already into music and students that might be interested in learning an instrument in the future.

Grades 1 to 5 $275

Karaoke Thursdays
Do you sing in the shower? Does your family enjoy watching you perform? Would you like to learn how to sing with a group of friends? If so, join us in our journey as we explore the imagination, emotion and poetry behind music we love. We will learn the fundamentals of basic singing in a fun environment that involves the use of acting techniques, props, and development of skits to further our teambuilding skills.

Grades 1 to 5 $275

Intuitive Orchestra: Young Children Learn the Language of Music
The goal of this class is to teach young children an intuitive understanding of the language of musical expression. Children will use small percussion instruments, body movements, games and exercises to learn basic musical concepts such as rhythm, meter, melody and phrasing. A sample activity might be “story reading,” in which children make a theater play of the story they previously heard while reacting to music.

Pre-Kinder and Kinder $275
Yannin’s Young Chefs
Children learn to prepare delicious specialties from across the globe; nutrition, health, safe kitchen practices, and table manners are also part of the instructional content of the class. Students will also learn about the culture of the country where the recipes come from.

Pre-Kinder and Kinder $350

Greek Myths
Using George O’Connor’s Olympian graphic novels (Zeus, King of the Gods; Hera, the Goddess and her Glory; Grey-Eyed Athena; Hades, Lord of the Dead; Earth-Shaking Poseidon; Aphrodite, Goddess of Love; and Ares, the War-Bringer), we will explore these most famous Greek gods and goddesses, and the stories of their exploits. As always, we will have fun.

Grades 2 to 5 $300

Melissa’s Kitchen
We will be learning how to properly use a kitchen knife, measuring, handling food, kitchen prep/ cleaning, and how to tell when food has gone bad while also having fun in the kitchen. Students will also be able to work together in making cooking videos for the school’s YouTube channel.

Grades 1 to 5 $350

The Famous, Infamous, and Weird Facts
We will explore the fascinating lives of some famous (and a few infamous) women and men. We will cover aviators Amelia Earhart and “Lucky Lindy” (Charles Lindbergh); royalty from Prince Rudolph to Franz Ferdinand; singers – including Elvis Presley, Little Richard, and Fats Domino; and the lives of some of history’s most fascinating individuals. A short portion of every class will be dedicated to “weird facts” Such as: Who is Mickey Mouse’s sister? How were post-it notes invented? What is the origin of the word ‘Eureka’?

Grades 2 to 5 $275

Chess
Chess is a strategy board game played on a checkered game board with 64 squares arranged in an eight by eight grid. It is one of the world’s most popular games, played by millions of people worldwide. This winter we invite children to join together to explore the world of Kings and Queens!

BEGINNERS: Class learns the rules, board, algebraic notation, and the value of the pieces and how they move.
INTERMEDIATE: Class builds upon how to write chess notation in algebraic, checkmate, and the strategy of opening and middle game.
ADVANCED: Class develops checkmate patterns, and preforms in-depth studies of opening, middle and endgame strategy.
TEAM CHESS: This class is designed to give students in the above classes a practical understanding of tournament play, which enables them to compete as a team in various tournaments.

Grades 2 to 5: Monday $320, Tuesday $345, and Friday $275
Languages

Arabic
This class is designed for children who are beginners and for those who might already have some knowledge of the language as well. Spanish, English or French speakers benefit by having the wonderful opportunity to begin learning another language. During the class kids will learn Arabic in an innovative, joyful and motivating manner, by doing art activities, games, music, exploring inside and outside the classroom and using the Arabic language to develop and build vocabulary.

Pre-Kinder to Grade 1 $275

Chinese
This class is designed for children who are beginners and for those who might already have some knowledge of the language as well. During the class kids will learn Chinese in an innovative, joyful and motivating manner, by doing art activities, games, music, exploring inside and outside the classroom and using the Chinese language to develop and build vocabulary.

Kindergarten to Grade 5: Monday $275, Friday $285

French
This class is designed for children who are beginners and for those who might already have some knowledge of the language as well. French speakers benefit by developing and strengthening their knowledge of French. English speakers or Spanish benefit by having the wonderful opportunity to begin learning another language. During the class kids will learn French in an innovative, joyful and motivating manner, by doing art activities, games, music, exploring inside and outside the classroom and using the French language to develop and build vocabulary.

Pre-Kinder to Grade 1 $275

Spanish
This class is designed for children who are beginners and for those who might already have some knowledge of the language as well. Spanish speakers benefit by developing and strengthening their knowledge of Spanish. English or French speakers benefit by having the wonderful opportunity to begin learning another language. During the class kids will learn Spanish in an innovative, joyful and motivating manner, by doing art activities, games, music, exploring inside and outside the classroom and using the Spanish language to develop and build vocabulary.

Pre-Kinder to Grade 1 $275
Music

Private instrumental class fees are $95 an hour. Generally classes are 30 minutes long, but we also schedule 45-minute and 60-minute classes according to availability. Priority is given to returning students, then to students on waiting lists.
